## DRESS CODE\*)

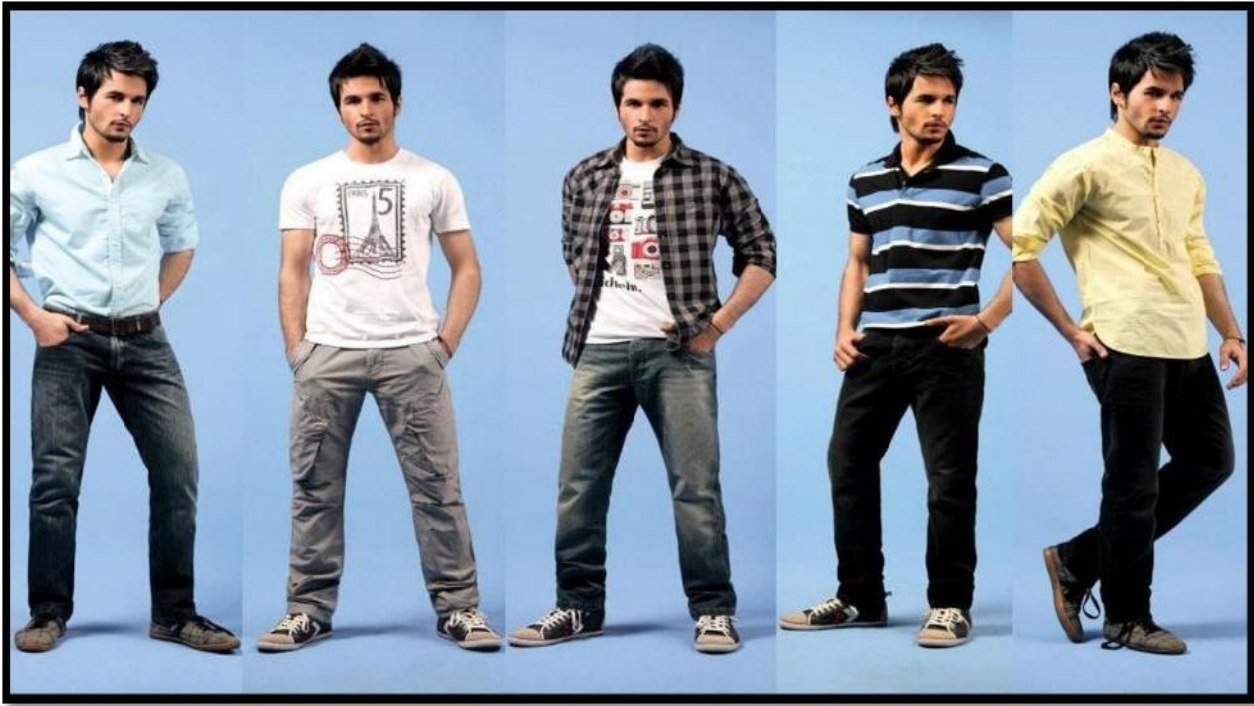

\*) for all activities in the Campus or during field trip activity organized by Petra Christian University

The way people dress is considered to be very important in Indonesia, especially in education institution. Basically, what Indonesian considers as "appropriate" kind of tops is the one that covers your back, cleavage, belly button, and armpits. You are free to choose between pants and skirt and make sure the pants' length reaches your ankles while the skirt's length reaches below your knees. These are the examples of standard clothing choices appropriate for **ON CAMPUS ACTIVITIES**. Please follow this attire guideline when you are attending activities that take place **on Petra Christian University's campus ground**.

### For Women:

## For Men:

### Our recommendation:

For tops, we recommend short-sleeved shirt or blouse because of the humidity during dry season (summer) in Surabaya, so leave your long-sleeved at home because the weather will be too hot to wear long-sleeved top. For easy maneuver around the campus, jeans are the most comfortable choice of pants. Skirt is okay, but make sure it reaches below your knees. The best footwear is sneakers because they are suitable for both indoor and outdoor activities.

This type of clothing are **NOT allowed** to wear **at the campus of Petra Christian University or during field trip organized by Petra Christian University!**

### Sleeveless shirt/dress

### Backless shirt/dress

**Shorts (short pants or short/mini skirt)**

**Transparent shirt/pants/skirt/dress**

**Slippers**

**Sandals**

**“Thank you for your understanding and effort to adjust to part of Indonesian culture”**
